

**SCIENTIFIC DESIGN COMPANY, INC.**

*A SABIC – Clariant Partnership Company*

## **NEWS RELEASE**

### **SCIENTIFIC DESIGN COMPANY ANNOUNCES AWARD OF EO/EG PLANT LICENSE BY CRODA INC.**

**LITTLE FERRY, NEW JERSEY -----January 26, 2015:**

Scientific Design Company, Inc. (SD) today announced that Croda Inc. has selected SD's EO/EG technology for their complex in Atlas Point, Delaware. This plant will be using Scientific Design's ethanol to Bio-EO technology. The award includes the license of process technology, the provision of a process design package, technical assistance and start up services and the initial charge of SD's ethylene oxide and ethanol dehydration catalysts.

SD has licensed over 100 ethylene oxide/monoethylene glycol plants in 25 countries around the world including seven ethanol based plants.

*Scientific Design Company, Inc. is a process technology company providing licensing, basic engineering and catalysts for its proprietary processes. The Company is jointly owned by Saudi Basic Industries Corporation (SABIC) and Clariant. Since its founding in 1946, Scientific Design has been one of the world's leading process technology and catalyst development companies. Scientific Design has developed some of the petrochemical industry's most significant process technologies and catalysts, which are used today to produce millions of tons of petrochemical intermediates in numerous process plants worldwide.*
